Distance Learning Course: CSC 289.71 Programming Capstone Project

Course format: Internet

Textbook: No textbook required

Instructor Information:

Name: Paul Phillips

Office phone number: 336-322-2193

E-mail address: paul.phillips@piedmontcc.edu

Office hours (if any) and location: L132

Course Prerequisites/Corequisites: CTS 285

Are campus visits required? No

Testing is completed: Online

Is there any additional software required for this course? No

If yes, what is the software?

Do course assignments require use of supplements bundled with the textbook? Yes

Additional comments/preferences/suggestions: Although the listed prerequisite is CTS 285 Systems Analysis and Design, the student should have completed an advanced programming class either CSC 239, CSC 241, or CSC 253. Students will need Microsoft Visual Basic, Visual C++, or C# software. They should already have this if they have completed one of the advanced programming classes.
