Additional comments/preferences/suggestions: The MyMathLab access code comes packaged with a new book, when purchased in the PCC bookstore. The code can be purchased separately from the publisher at the website http://secure.ecollege.com/pecmlp. Access codes are generally valid for one year, so if you activated a MyMathLab access code last semester, you should be able to use it again this semester. A calculator is also required either a graphics or scientific is fine.
