**Additional comments/preferences/suggestions:** The homework assignments and tests are completed online. You will need a MyLabsPlus access code to access the homework, tests, online version of the book, video tutorials, etc. The MyLabsPlus code is bundled with a new book, when purchased from the PCC bookstore. If you choose to purchase your book elsewhere, you may purchase the code online from the publisher. Information about how to log into the MyLabsPlus site will be shared on the first day of class. Additionally, we will use a TI graphing calculator extensively in this class. If you purchase your book for the PCC bookstore, it will also come packaged with a graphing calculator help book.
