Additional comments/preferences/suggestions: The MyMathLab access code comes packaged with a new book, when purchased in the PCC bookstore. The code can be purchased separately from the publisher at the website http://secure.ecollege.com/pccmplp. Access codes are generally valid for one year, so if you activated a MyMathLab access code last semester, you should be able to use it again this semester. Additionally, you will need a graphics calculator, preferably a TI-Nspire CX CAS calculator.
