WORKERS’ COMPENSATION

The State Workers’ Compensation Law covers all full-time, part-time and temporary employees. As defined under the North Carolina Workers’ Compensation Act an injury is covered under workers’ compensation if it was caused by an accident or incident which arose out of and in the course of your employment. This College requires that all accidents or incidents must be immediately reported to the supervisor and the Personnel Office. In case of an accident covered by Workers’ Compensation, individuals must obtain the necessary form to report such accidents from the Personnel Office. The form must be obtained in advance of professional medical attention unless the injury is life threatening. A third party handles Piedmont Community College’s Workers’ Compensation claims.
