HUMAN RESOURCES DEVELOPMENT PROGRAM (HRD)

The Human Resources Development program trains unemployed and underemployed persons, at least 18 years of age, in the necessary basic skills for finding and holding full-time jobs. The HRD program is intended to help participants to build self-confidence; to set personal goals; to identify interests, abilities, skills; and to find a job. The local program originated as a result of cooperation among Federal, State, local agencies, and employers in the Person and Caswell County areas.

The program staff will assist students with job searches by providing job-seeking instructions, job behavior counseling, resume’ preparation, typing/photocopying services, transportation to area businesses and industries, and positive support throughout the job search.
