More about ASSOCIATE IN FINE ARTS

The Associate in Fine Arts (AFA) degree is designed for students who want to pursue a four-year degree in one of the fine arts disciplines such as Art, Music, and Theatre. In addition to completing core general education requirements, the program allows the student to select additional general education, pre-major, and elective courses in consultation with the targeted 4-year program they are seeking to transfer to.

Courses in the AFA program are eligible for transfer to a 4-year institution. Fine Arts programs, however, are subject to requirements of the 4-year institution with regard to how the credits are applied (general education, major area, or electives). Coursework should be planned in collaboration with the targeted 4-year program.
