

## **CoAEMSP Compromised Email Account Notifications and Fake Bills**

CoAEMSP.org (Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions) is sending out notices to individuals informing them of compromised email and messages with a subject of "FW: August Billing From CoAEMSP". Per the email notice to users, recommendations are for the recipient to immediately delete the message without opening.

Based on a search of the website, many of the colleges may have associations with this organization by offering an accredited program(s).

**Recommendation:** Review incoming email originating from [at]coaemsp.org with attachments and ensure that any recipient in your organization that has received it takes no action.
